

Engineer of 2020

"Educating the 21st Century Engineer"

Global Design Challenge 2009

Manchester, England and Sains Malaysia

Do you want to:

- Help design a new, cutting edge airplane?
- Travel overseas? (for one week in November)
- Be part of a global design team?
- Receive a \$2,500 stipend to participate?
- And
- Receive WSU credit for your effort? (technical elective)

Application submission deadline is April 19 for the effort commencing in late May 2009 and concluding in January 2010. To apply, email a copy of a cover page and your resume to larry.whitman@wichita.edu prior to April 19 at Noon. The applications will be evaluated according to this rubric (be sure to use this for your application).

A Faculty MUST sponsor each student applicant. Each student application must have a faculty contact – the faculty is recommending this student for the project.
