Mobile App Camp @ Wichita State University

Did you know?

- Mobile apps is a $25 billion industry
- Offers more than 500,000 jobs that are projected to grow by 28% for the foreseeable future

Are you interested in the fascinating world of mobile apps? If so, the mobile app camp is the place for you. The mobile app camp is for high school students who are interested in learning about how mobile applications are developed and delivered.

You will spend time with your peers to learn the basics of mobile application design and get the opportunity to develop your own apps from scratch for the Android platform phones. Currently, the playstore hosts close to a million applications for users, which have been downloaded 50,000,000,000 times.

Thank you to LogMeIn, Meritrust, and Cybertron for their generous support of the program. The registration fee for the camp is $50 (includes four lunches and a T-shirt). Seats are limited, so please register early.

When: May 31 – June 3, 2016 (9:00 AM - 3:00 PM)
Where: Clinton Hall Room 206 @ WSU
Cost: $50 including registration fee, four lunches and a T-shirt.

Register at [http://156.26.109.124/Registration/Form1.aspx](http://156.26.109.124/Registration/Form1.aspx) and mail your check (payable to Wichita State University) with $50 to the following address by April 30, 2016.
