SCORE BUSINESS TRAINING

It is a good idea to take one of SCORE’S business training courses in addition to meeting face-to-face with counselors... SCORE offices champion the need for business planning and offer an introduction to the fundamentals of a business plan that maps out the future of your business and provides a solid case for success.

Special arrangements are available to accommodate handicapped attendees. Requests for such arrangements should be made to Economic Development Division, SBA Wichita District Office, 316-269-6273. All SBA programs are extended to the public on a nondiscriminatory basis. The views and opinions that are not necessarily those of the cosponsors may be expressed. SBA's cooperation does not imply its endorsement of any opinions, products and/or services.
