Among the courses Dr. Ken Pitetti teaches is HS 400 Introduction to Pathophysiology - 4 credit hours:

Focuses on the essential mechanisms of disordered function, which produce common diseases. Discusses some common diseases, but as examples of the basic processes covered, not as a part of an exhaustive inventory. Presents the health professional with accessible, usable, and practical information they can broadly and quickly apply in their clinical or laboratory experience. Prerequisites: Chemistry, Anatomy & Physiology.
