TECHNICAL ELECTIVES (9 hrs.) – Offered Fall/Spring
Technical elective classes allow you to either broaden or to enhance your technical knowledge. These courses must be taken from engineering, math, or science - preferably during your senior year and only after carefully considering career goals and consulting with your faculty advisor. With the exception ENGR 101 (3 credit hours) all technical elective classes must be upper division with MATH 242 or higher as a prerequisite. A maximum of 3 credit hours may be taken outside of aerospace engineering.
