Wichita State Archaeological Field School, 2015:
May 18 – June 6, 2015

Come learn to map sites, excavate, and use remote sensing gear on various sites, such as the serpent intaglio, council circles, and sites of the Great Bend complex. Students will also be utilizing a mobile analytical lab to analyze artifacts on site!

3 credit hours in ANTH 690 for undergraduate or graduate students
There is a fee of $350 to cover food, water, and supplies for the field.

Contact Dr. Donald Blakeslee at Donald.blakeslee@wichita.edu for more information

Students must have their own health insurance. At least one introductory anthropology course is recommended.
