Texas Christian University (TCU) seeks to fill a tenure-track position at the Assistant Professor level. We seek an individual with research interests that fit within the field of biochemistry and complement those of the current faculty. This individual should be equipped to teach both upper level courses in biochemistry and introductory chemistry courses. TCU is a private, liberal arts institution with an enrollment of about 8,500 and a faculty dedicated to excellence in research and teaching. The Chemistry Department offers the PhD, MS, and BS degrees and is well equipped, particularly with excellent X-ray diffraction, Mass Spectroscopy, and NMR facilities. Please send curriculum vitae, detailed research plans, a statement of teaching interests, and three letters of recommendation to Professor Jeffery L. Coffer, Department of Chemistry, Box 298860, Texas Christian University, Fort Worth, TX 76129. Send e-mail inquiries to J.Coffer@tcu.edu. Review of applications begins on November 7 and continues until the position is filled. TCU is an EEO/AA employer.
