Analytical Chemistry Faculty Position. The Department of Chemistry and Biochemistry at the University of Wisconsin-Milwaukee invites applications for a tenure-track position at the Assistant, Associate or Full Professor rank for appointment beginning August 2007. Applications are welcomed from candidates with interests in all areas of Analytical Chemistry. Research areas with application to biochemistry or environmental chemistry are particularly encouraged. A Ph.D. is required and postdoctoral experience is desirable. The successful candidate will be required to provide evidence of scholarly achievements in peer-reviewed journals, promise of successful grantsmanship and a strong interest in graduate and undergraduate teaching. To be considered, a curriculum vitae with a research plan, an outline of teaching philosophy and three letters of recommendation must be mailed to Professor K. Surerus, Chair, Department of Chemistry & Biochemistry, University of Wisconsin-Milwaukee, P.O. Box 413, Milwaukee, WI 53201 (Fax: 414-229-5530, email: surerus@uwm.edu). Evaluation of applications will begin November 15, 2006 and will continue until the position is filled. Further information is located at http://www.uwm.edu/Dept/Chemistry.

The University of Wisconsin-Milwaukee is an Affirmative Action/Equal Opportunity Employer.
