The Chemistry Department of the George Washington University invites applications for a tenure-track position at the Assistant Professor level in Organic Chemistry beginning 2007-2008. While the search is open to all areas of organic chemistry, applicants with research interests in materials, bioorganic/biomedicine, and environmental/energy-related chemistry and that complement the existing strengths of the Department will be given preference. **Basic Qualifications:** A Ph.D. or equivalent degree and postdoctoral experience is required. The successful candidate will be expected to develop a highly active, funded research program and have a commitment to excellence in teaching. **Application Procedure:** Please submit a letter of application, curriculum vita, publication list, description of future research plans and statement of teaching interests along with three letters of reference to Prof. Michael King, Search Committee Chair, Department of Chemistry, George Washington University, Washington, D.C. 20052. Only complete applications will be considered. Review of applications will begin November 1 and will continue until the position is filled. Applications from women and underrepresented minorities are especially encouraged. *The George Washington University is an Equal Opportunity/Affirmative Action Employer.*
