The Department of Chemistry (www.ksu.edu/chem) invites applications for two tenure-track positions at the Assistant Professor level to begin in August, 2007. We seek outstanding colleagues in the areas of Analytical Chemistry and Theoretical Physical Chemistry. Applicants with interdisciplinary interests extending into biological, environmental, or materials-related research are especially encouraged. For the Analytical position, exceptional candidates at the Associate Professor level will also be considered. The successful applicant must hold a Ph.D. in Chemistry and will be expected to excel in teaching to a diverse population at the graduate and undergraduate levels and to develop a vigorous, creative research program that attracts extramural funding and capable co-workers. Candidates should submit a letter of application stating which position they are applying for, a curriculum vita, a statement of teaching philosophy and interests, a description of proposed research, and arrange for at least three letters of recommendation to be sent to: Professor Dan Higgins (Analytical; higgins@ksu.edu; 785-532-6371) or Professor Paul Smith (Physical; pesmith@ksu.edu; 785-532-5109); Department of Chemistry, 111 Willard Hall, Kansas State University, Manhattan, KS 66506-3701. Screening will begin October 16, 2006. Complete details at http://www.ksu.edu/chem/news/positions.html
