FACULTY OPENINGS

UNIVERSITY OF UTAH
CHEMISTRY DEPARTMENT

Four tenure-track positions are available in the general areas of BIOLOGICAL, INORGANIC, ORGANIC, and PHYSICAL chemistry. While the openings are at the assistant professor level, exceptional senior candidates in all areas, but particularly NMR, may be considered. We are just completing construction of a dedicated NMR building, with state-of-the-art instrument and laboratory space. Candidates are expected to demonstrate the background, motivation, and ability to develop vigorous, competitive research programs, and to be excellent teachers at the undergraduate and graduate levels. A Ph.D. is required; postdoctoral experience is desirable. Applicants for an assistant professor position should send an application letter with detailed vita, a description of proposed research, and arrange for three letters of recommendation to be sent directly to the address below. Senior applicants should send an application letter and vita. Review of applications will begin Oct. 15, 2006 and continue until suitable candidates are identified. Reply to:
