The Department of Chemistry at the University of Nebraska-Lincoln (UNL) invites applications for one or more tenure-track/tenured faculty positions. We are adding a number of faculty members as part of campus-wide initiatives and are particularly interested in applicants with research interests in analytical chemistry, bioanalytical chemistry, and mass spectrometry. Information about the department can be found at www.chem.unl.edu. Applicants should have a Ph.D. in chemistry or a related discipline, a demonstrated research record, the potential for establishing and/or maintaining a nationally prominent and competitively funded research program, and a commitment to excellence in undergraduate and graduate teaching. Applicants for Assistant Professor should submit an application letter (including a 3-5 page description of proposed research), a detailed vita, and arrange to have three letters of recommendation forwarded to the search committee. Applicants for Associate Professor should submit an application letter, a vita, a list of current and pending funding, and the names of three references. To be considered for the position, applicants should go to the website http://employment.unl.edu requisition 060837 and complete the Faculty/Administrative form. All materials should be sent to: Search Committee Chair, Department of Chemistry, University of Nebraska-Lincoln, Lincoln, NE 68588-0304 (Fax: 402-472-2044; e-mail chemsearch@unl.edu). Review of applications will begin on November 30, 2006 and will continue until the position(s) have been filled. The University of Nebraska is committed to a pluralistic campus community through affirmative action and equal opportunity and is responsive to the needs of dual career couples. The positions are contingent on the availability of funds. We assure reasonable accommodation under the Americans with Disabilities Act; contact the search committee at 402-472-3634 or chemsearch@unl.edu for assistance.
