

## CHEMISTRY & BIOCHEMISTRY MAJORS!!!

### Is Grad School for You? Here's Your Chance to Find Out!

#### RSEC Stepping Stone to Graduate School \* Wichita State University

Join the Department of Chemistry at Wichita State University (WSU) in Wichita, KS for a 10-week Summer Research Program funded by the National Science Foundation!  
The program runs from May 27 – Aug 5, 2009.

#### What's in it for me?

- ◆ A chance to find out what grad school is like by **working with a professor and grad students** in your area of interest on a research project, and presenting your findings to your fellow students.
- ◆ Get some research **experience**, which looks great on your **resumé** or **grad school application!**
- ◆ **\$5000** stipend, **FREE** housing for 10 weeks, and **\$200** to help with food costs.
- ◆ Potentially earn **2 hours of Research Credit** which you can apply toward your degree.
- ◆ Meet **new friends**, go on **field trips**, and learn valuable information that will help you in your current and future endeavors!

#### Who is eligible?

- ◆ US citizens or permanent residents who are:
  - ◇ Undergraduate chemistry or biochemistry majors.
  - ◇ Recent graduates in chemistry or biochem who have not yet made plans for grad school.

#### How do I apply?

- ◆ The application form can be found under announcements at: <[www.wichita.edu/chem](http://www.wichita.edu/chem)>
- ◆ Send a copy of your undergraduate transcript to the address provided below.
- ◆ Request 2 letters of recommendation from science or math professors or instructors who are familiar with your coursework and with your potential in the research laboratory.
- ◆ Make sure all materials are submitted by March 31, 2009.

**Send materials to:** Dr. D. Paul Rillema, RSEC Program Director, Department of Chemistry, Wichita State University, Wichita, KS 67260-0051, email: [paul.rillema@wichita.edu](mailto:paul.rillema@wichita.edu)

*\*Sponsored by the National Science Foundation's Research Site for Educators of Chemistry program.*
