Next Board of Directors Meeting
Tuesday, January 8, 2013
WSU Marcus Welcome Center
Room 102, Cark Auditorium
10:30 a.m. to Noon
CIEE provides a One Stop access to CoE support for product and process development to include business and industry + economic development + IT + engineering support at the request of economic developers and small and medium-sized businesses

CIEE will further open the door to the vast intellectual resources of WSU and provide unparalleled access to our faculty and students as problem solvers.

- Assist our regional and state enterprises to advance in the new knowledge economy
  - Harness university resources for generating human capital, stimulating innovation, strengthening industry clusters and promoting sustainability
  - Convene previously separate or independent programs.
- Engage more fully in the future of the region and economic development (College of Engineering mission)
  - Apply university talent and expertise to the community’s key issues
  - Build partnerships for identifying and sharing best practices
  - Foster cluster networks
  - Integrate economic and workforce development activities and demonstrate that talent development can drive economic transformation in the regional economy

Build on the WSU’s reputation as a trusted industry partner engaging to tackle problems with passion and objectivity.
