Students majoring in Recreation Administration, Sports Management, Exercise Science, Management and Marketing and Personal Training are encouraged to apply for an internship with the Derby Recreation Commission. The DRC offers a well-rounded internship to students who are seeking “hands on” experience in community recreation programming. Our recreation professionals work with you to apply your learned knowledge and skills to all facets of our diverse programming.

HIGHLIGHTS

❖ Derby is a suburban community located 8 miles south of Wichita, Kansas.

❖ The DRC serves all Derby residence and the USD 260 School District. The current population served is in excess of 22,158.

❖ Our community recreation program areas include aquatics, arts, fitness, health and wellness, special events and sports. The DRC administers in excess of 1,300 programs annually.

❖ The DRC operates the 77,000 square foot newly remodeled Derby Recreation Center, the Oaklawn Activity Center, assists in the maintenance of city and school district ball and multi-purpose fields, operates and manages the City of Derby’s Rock River Rapids aquatic park, maintains a transportation system for leisure activities and partners with local youth leagues and other community groups with their leisure pursuits.

❖ A weekly stipend of $200 biweekly is available to interns and various part-time jobs are optional throughout the internship. Internships span 10-20 weeks depending on student and university requirements. Free membership for interns.

All interested applicants need to send their résumé and DRC internship application to the following:
