### Learning Objectives

At the conclusion of the workshop attendees will be able to:

- **Identify** how to diagnose and treat pediatric feeding problems in a multidisciplinary setting to ensure successful results for patients.

- **Identify** 3 major areas where Occupational Therapy assesses and provides treatment in pediatric feeding disorders.

- **Identify** the most common causes for feeding problems in children.

- **Identify** treatment strategies for the child who is difficult to feed.

- **Verbalize** the nurse’s role in the interdisciplinary team for feeding plans.

- **Identify** the key components of a pediatric feeding evaluation.

- **Describe** the appropriate use of pharmacotherapy in treating pediatric patients with feeding disorders and failure to thrive.

- **Understand** evidenced-based approaches to treating feeding and swallowing disorders in the pediatric population.

- **Identify** potential barriers to successful in-home treatment programs.
Workshop Agenda

Wednesday, August 9, 2017

8:00 - 8:30 am
Workshop Check-In

8:30 - 11:30 am
The Importance of a Multidisciplinary Approach
This will be an introduction to multidisciplinary feeding assessment and treatment. Information will be provided about why it is needed, how it can be implemented, and the outcomes of the approach. Case studies will be embedded into the conference to provide practical application experiences with attendees.

Parent Report: How Are Their Concerns Guiding Us?
This section will focus on one of the most important members of the team besides the patient. It will discuss parental concerns, environmental and behavioral influences, and their key role in success of the treatment approach.

Gina Riggs, MA CCC-SLP, Clinical Supervisor, Evelyn Hendren Cassat Speech-Language-Hearing Clinic, Department of Communication Sciences and Disorders, Wichita State University

11:30 am - 12:30 pm
Lunch

12:30 - 2:30 pm
Feeding Problems in the Young Child
This session reviews the most common causes for feeding problems in children, with emphasis on key components of the history and physical exam that are essential for identifying factors related to the child’s feeding problems. This will also include a discussion of when testing may be appropriate and a brief overview of some of the treatment strategies for the child who is difficult to feed.

Sarah Edwards, DO, Assistant Professor of Pediatrics, University of Missouri-Kansas City School of Medicine; Medical Director, Multidisciplinary Feeding Clinic, Department of Gastroenterology, Children’s Mercy Hospital

2:30 - 4:00 pm
Nursing’s Perspective on Feeding Evaluation and Treatment
In this session participants will learn about different tools from a nursing perspective for feeding evaluations. This session will also address the nurse’s role in the interdisciplinary team for feeding plans and talk about the nursing assessment regarding feeding issues.

Cynthia Chapman, APRN, MSN, MHCL, Manager, Pediatrics Intensive Care/Peds Dialysis/Adult Dialysis, Wesley Medical Center

Thursday, August 10, 2017

8:30 - 11:00 am
Occupational Therapy’s Perspective in Pediatric Feeding Disorders
(There’s more to it than you might think!)
Pediatric Occupational Therapists (OT) are an important part of the multi-disciplinary team in treating children with feeding disorders. Learn how OTs look at the ergonomics of eating and how they help the child eat safely and as independently as possible. Also, learn about a lesser known yet surprisingly common sensory disorder that results in extremely picky eaters, and how OT plays a vital role in early treatment.

Kristine Dickinson, MS, OTR/L, Owner/Clinical Director, TheraPlay Spot Pediatric Occupational & Physical Therapy, LLC

11:00 am - 12:00 pm
The Pharmacist’s Role in Pediatric-Feeding Disorders
This session will discuss the role of a pharmacist in taking care of pediatric patients with eating disorders and failure to thrive. It will focus on the role of the inpatient pharmacist in managing refeeding syndrome, vitamin and mineral supplementation, iron deficiency, the use of appetite stimulants, and GERD.

Travis Hunt, PharmD, Clinical Pharmacy Specialist-Pediatrics, Via Christi Health
Lunch

1:00 - 4:00 pm

Pediatric Feeding & Swallowing Evaluation & Treatment Approaches
Key components of the session will include an in-depth look at executing a pediatric feeding evaluation across multiple diagnoses and patient populations. This session will also include evidence-based treatment approaches as appropriate for the pediatric population. Presenters will provide examples of feeding treatment approaches for both individual and group settings.

Lisa Hacker, MA, CCC-SLP, Wesley Medical Center
Ashley Purdum, MA, CCC-SLP, Wesley Medical Center; Wichita State University

Friday, August 11, 2017

Behavioral Interventions for Feeding Disorders: From Research to Reality
This session will review empirically-supported behavioral interventions for common pediatric feeding disorders, as well as challenges to implementation and real-world practices of clinical experts.

Kelli Netson-Amore, PhD, ABPP-CN, Assistant Professor & Director, Psychology & Neuropsychology Clinics, Department of Psychiatry & Behavioral Sciences, University of Kansas School of Medicine - Wichita

ID Common Signs/Symptoms of Nutrient Deficiencies in Order to Know When to Refer to PCP and RD
This session will focus on the RD’s role in improving the quality and quantity of nourishment a child needs for growth and development. The session will also cover the common conditions that struggle with feeding and nutrition along with the basic nutrients and things to look for for possible deficiencies and/or reasons the child should be referred to a dietitian. The session will conclude with dietary treatments that RD’s may use to complement the feeding therapist’s treatment and when a NG or G-tube may be indicated.

Cassandra Bumsted, RDN, LD, CLT, Pediatric Registered Dietitian, Healthy Green Nutrition; Clinical Dietitian, Wesley Rehabilitation Hospital PRN

Lunch

1:30 - 4:00 pm

Pediatric Feeding Case Study Practice
Each participant will sit with a variety of professionals at the conference to form a multidisciplinary team. These teams will be given a case study of a pediatric feeding disorder that they will use to determine what further information is needed, make a plan for referrals, and develop treatment plans with the primary providers identified. During the second half of the last day, participants will have time to complete all of the information for their case studies and will discuss their findings with the larger conference group.

Gina Riggs, MA CCC-SLP, Clinical Supervisor, Evelyn Hendren Cassat Speech-Language-Hearing Clinic, Department of Communication Sciences and Disorders, Wichita State University

Workshop Adjourn

Speaker Disclosure
Gina Riggs, Sarah Edwards, Cynthia Chapman, Kristine Dickinson, Travis Hunt, Lisa Hacker, Ashley Purdum, Kelli Netson-Amore and Cassandra Bumsted do not have any relevant financial or non-financial relationships to disclose.
Workshop Information

Planning Committee

James Brewster, BME, Conference Coordinator, Office for Workforce, Professional & Community Education, Wichita State University

Cynthia Chapman, APRN, MSN, MHCL, Manager, Pediatrics Intensive Care/Peds Dialysis/Adult Dialysis, Wesley Medical Center

Gina Riggs, MA CCC-SLP, Clinical Supervisor, Evelyn Hendren Cassat Speech-Language-Hearing Clinic, Department of Communication Sciences and Disorders, Wichita State University

Julie Scherz, PhD, Department Chair/Associate Professor, Department of Communication Sciences and Disorders, College of Health Professions, Wichita State University

Carrie Wyatt, BS, Senior Administrative Specialist, Department of Communication Sciences and Disorders, College of Health Professions, Wichita State University

ASHA:

This course is offered for 1.8 ASHA CEUs (Intermediate level, Professional area).

Nurses:

Wichita State University College of Health Professions is approved as a provider of continuing nursing education by the Kansas State Board of Nursing. This course offering is approved for contact hours applicable for RN, LPN, or LMHT relicensure. Kansas State Board of Nursing provider number: LT 0090-0327. These course offerings are approved for 21.6 contact hours for the workshop for RN or LPN relicensure.

Dietitians:

This program has been pre-approved by the Kansas Department for Aging and Disability Services, Health Occupation Credentialing for 18 hours. Prior Approval Number: DA45823.

All Other Professions:

Individuals attending will receive a certificate for attendance that can be used to self-report for continuing education purposes.

Certificates:

Certificates will be emailed within 30 days after the conference.

Workshop Registration Fees:

The fee to attend the Workshop is as follows:

- Early Bird Registration $250.00 (received by Friday, July 28, 2017)
- Late Registration $275.00 (received after Friday, July 28, 2017)
- Student Registration $99.00

The General Workshop registration fee includes lunch, snack and beverage breaks.

Registration and Payment Options:

The workshop is being facilitated by the Office for Workforce, Professional and Community Education at Wichita State University. You may pay your workshop registration fee by credit card, check, cash or purchase order. If paying by check or purchase order, please make documents payable to the Office of University Conferences and send to:

Office of University Conferences
1845 Fairmount
Wichita, Kansas 67260-0136
Fax (316) 978-3064

You may register by filling out the registration form on the last page of this brochure or by registering online at:

www.wichita.edu/conferences/pediatricfeeding

For registration questions please contact the WSU Conference office at 316-978-6493.
Cancellation and Refund Policy:
Failure to attend does not constitute notice of cancellation. Cancellation must be in writing. Telephone cancellations will not be accepted. A $25.00 administrative fee will be assessed on all cancellations (this includes unpaid purchase orders.)
There will be no refunds after August 04, 2017.

Workshop Location:
Wichita State University
Marcus Welcome Center
1845 Fairmount Street
Wichita, KS 67260

Visit www.wichita.edu/map for a map of Wichita State University.

Hotel Information:
A special room rate has been arranged at the Aloft Wichita Northeast for workshop attendees who are traveling. The hotel is located at 3642 North Oliver, Wichita, KS 67220. Single and double room rates are $109.00 + tax. Click HERE to reserve your room online.

Workshop Attire:
Every effort will be made to keep the meeting rooms at a comfortable temperature, you are encouraged to dress in layers or bring a sweater/light jacket, as the temperature in the meeting rooms vary widely.

Internet Access:
There is complimentary WIFI available at the Conference Location.

Parking:
Please visit www.wichita.edu/parking to view a campus visitor parking map.

Right of Termination for Cause:
This agreement and the University’s obligations hereunder regarding this conference and the presentation of any or all associated sessions and optional entertainment events are subject to acts of God, war, terrorism, government regulations, disaster, fire, strikes, civil disorder, curtailment of transportation facilities, or other similar cause beyond the control of the parties making it inadvisable, illegal, or impossible to hold the event or provide the facility. If the conference or any associated event is cancelled due to one of the aforementioned occurrences, the liability of the University shall be limited to refunding the conference registration fee or a portion thereof. The University shall not be responsible for consequential damages, including, but not limited to, any losses incurred by registrants including, but not limited to, airline cancellation charges, hotel deposits and other associated travel costs.

Special Accommodations:
Wichita State University is committed to making programs accessible to people with disabilities. If you wish to volunteer information regarding any special assistance you may need, please contact the Office of University Conferences at (316) 978-6493.

Notice of Non-Discrimination:
Wichita State University does not discriminate in its programs and activities on the basis of race, religion, color, national origin, gender, age, sexual orientation, gender identity, gender expression, marital status, political affiliation, status as a veteran, genetic information or disability. The following person has been designated to handle inquiries regarding nondiscrimination policies: Executive Director, Office of Equal Employment Opportunity, Wichita State University, 1845 Fairmount, Wichita KS 67260-0138; telephone (316) 978-3186.
Registration Form

A Multidisciplinary Approach to Assessment and Treatment of Pediatric Feeding Disorders
August 9 - 11, 2017
Wichita State University

Early Bird Registration Deadline is July 28, 2017

Registration Type

- Early Bird Registration (By July 28) $250.00
- Late Registration (After July 28) $275.00
- Student Registration $99.00
- I require vegetarian meals.

Special Accommodations:

Cancellations/Refunds
All cancellations must be made in writing via email to conference.office@wichita.edu. A $25.00 cancellation fee will be assessed on all cancellations. No refunds after August 4, 2017.
