**Why Consider WSU?**

Accredited at the highest level by the State of Kansas (KSDE) and the National Council for the Accreditation of Teacher Education (NCATE), Wichita State University has developed both middle and secondary level math licensure programs designed for individuals possessing a current Kansas teaching license or certificate. WSU is committed to the professional development of teachers and strives to assist current teachers in attaining "highly qualified" mathematics status.

in collaboration with:

“HQ”  
Math Teachers
**Benefits to Math Teachers:**

- **Workshops leading to the attainment of a “Highly Qualified” status**
  - Workshops allowing teachers currently holding a math endorsement to continue to enrich their content knowledge and teaching skills.

- **KSDE Licensure programs**
  - A condensed program to allow any teacher holding a current Kansas teaching license to earn a Middle Level (5-8) Mathematics teaching license with anticipated completion by August 2007.
  - A program to allow any teacher holding a current Kansas teaching license to earn a Secondary (6-12) Mathematics license with an anticipated completion date of August 2008.

- **Workshops and Course Offerings Held at Convenient Times**
  - Courses offered at times conducive to the full time teacher’s schedule, i.e., summer and evening classes as well as Internet course offerings.

- **Graduate Credit Available**
  - Some courses may be taken for graduate credit and fulfill Master’s degree requirements in Curriculum and Instruction.

- **Approved Programs and Accreditation**
  - All programs are approved by the Kansas State Department of Education.
  - WSU’s teacher education and other school personnel programs are accredited by the State of Kansas (KSDE) and the National Council for the Accreditation of Teacher Education (NCATE).

---

**Summer 2006 workshop for licensed mathematics teachers:**

- **Mathematical Modeling in Grades 6-12**
  - (2 Graduate credit hours); offered 10 am – 1 pm, June 19-30

  **Note:** The course above is not part of the middle or secondary program requirements.

---

**Requirements for the Licensure Programs**

To initiate licensure application, please submit all prior college and university transcripts to:

**COE Licensure Officer, 1845 Fairmount, Wichita, KS 67260-0131.**

---

### Middle Level Mathematics Licensure Program for Licensed or Certified Teachers* (can be completed by August 2007)

**Required Coursework:**
- Math 111 College Algebra
- Math 501 Math for Elementary Teachers
- Math 121 College Geometry (3 hrs)
- Math 300 Evolution of Math (3 hrs)
- CI 654M ISAM Middle Level Math (3 hrs)
- Stat 370 Elementary Statistics (3 hrs)
- Math 144 Business Calculus (3 hrs)
- Math 502 Math for Middle School Teachers (4 hrs)

Individuals must have a completed transcript analysis. If course deficiencies exist, additional course work may be required.

---

### Secondary Level Mathematics Licensure Program for Licensed or Certified Teachers* (Can be completed by August 2008)

- The course requirements for 6-12 Mathematics teaching License begin at the Calculus 1 level.
- After examination of transcripts and teaching experience, the candidate will begin a Math 242 Calculus I or higher mathematics course in the summer of 2006.
- KSDE requires student teaching for teachers who do not possess teaching experience at the level in which they seek licensure. (Flexibility addressed for the teacher’s schedule)

*Candidates must successfully pass the state required Praxis II Content Test for the desired licensure level, i.e., middle level or secondary math.*
