All WSU students, except School of Art and Design majors, may complete 18 credit hours of art courses and be awarded the minor in Art and Design with an emphasis in painting. After completing an introductory sequence within Art Foundation of Art F 102, 103, 136 and 145, the student meets with a painting faculty adviser and selects a sequence of three 200 and 300 level painting courses to fulfill the minimum requirement for the minor. Additional painting or drawing courses may also be completed.

Recommended plans of study are available in the School of Art and Design office, McKnight Art Center 302. Contact the School of Art and Design or one of the painting faculty for additional information.
