SERVICE OBLIGATION >>>

In order to fulfill the service obligation of the TEACH Grant, you must be a highly-qualified, full-time secondary or elementary teacher in a high-need subject area for at least four years within eight years of finishing your program at a school serving low-income students. A highly qualified teacher is one as defined by the U.S. Department of Education. A full-time teacher is one who spends the majority (at least 51%) of time teaching in one of the high-need subject areas. Because of the 51% requirement, most elementary teachers will not be eligible. A school serving low-income students is designated by the U.S. Department of Education at https://www.tcli.ed.gov.

HIGH NEED SUBJECT AREAS >>>

The following are designated as high-need subject areas:

- Mathematics
- Science (such as Biology, Geology, Chemistry or Physics)
- Foreign Language
- Bilingual Education
- Special Education
- Reading Specialist
- Other “High Need” Field as designated by the U.S. Department of Education

FAILURE TO COMPLETE THE SERVICE OBLIGATION >>>

If a student fails to complete the four years of service for each eligible program for which you received the TEACH Grant within eight years of completing your program, the grant will convert to a Federal Direct Unsubsidized Loan with interest accrued from the date of the first disbursal of the funds.
