DEGREE ADMISSION

Minimum admission requirements for full standing are:

For master's and specialist programs:

1. A bachelor's degree from a regionally accredited institution or a recognized institution in another country whose requirements for the bachelor's degree are substantially equivalent to an American four-year bachelor's degree.
2. A g.p.a. of at least 2.750 based upon the last 60 hours of course work (or nearest semester or term break to this), including any post-bachelor's graduate work. *Some departments require higher grade point averages and other admission credentials.* No more than 9 hours of background deficiencies.

For doctoral programs:

1. Previous degree(s) from a regionally accredited institution or a recognized institution in another country as stated above.
2. A g.p.a. of at least 3.000 in the last 60 hours or nearest two years when the bachelor's degree is the admission's credential. Applicants with a master's degree or with completed graduate course work must have at least a 3.250 g.p.a.
3. Scores on the General Aptitude Test of the Graduate Record Examination (within the last five years).

NON-DEGREE ADMISSION

(Not open for applicants requiring F-1 Visa)

Category A

This category provides students the opportunity to take courses at Wichita State for which they have the prerequisites. Students in this category are not restricted to course-level enrollment. Upon satisfactory completion of a course, credit is placed on a WSU graduate transcript; however, only credit earned in courses numbered 500 and above is counted as graduate credit work.

Minimum admission requirements *for this category are:*

1. A bachelor's from a regionally accredited institution.
2. A grade point average of at least 2.750 based upon the last 60 hours of course work (or nearest semester or term break to this), including any post-bachelor's graduate work. *Some departments require higher grade point averages and other admission credentials.*

Category B

This category is specifically for students who are not seeking a graduate degree, but who want to continue personal and professional development beyond the bachelor's level through enrollment in certain graduate level courses, including workshops. Students in this category are restricted to courses *through 799* for which they have the prerequisites. Credit earned in category B status will be placed on a WSU graduate transcript with graduate credit being awarded for courses numbered 500 through 799.

The minimum admission requirement *for this category is:*

1. A bachelor's from a regionally accredited institution.

GRADUATE CERTIFICATES

Graduate certificates are awarded to students who desire interdisciplinary course work to complement their graduate degree program or to students who, for academic, personal, or professional reasons, desire graduate-level education not leading to a graduate degree. Students seeking graduate certificates must be admitted to the Graduate School in a degree or in non-degree, category A status. All Graduate School policies relative to the admission criteria mentioned above apply.

** Guest admission is valid for only one semester and requires the submission of a completed Application for Admission and a signed letter from the graduate dean at the student's home institution certifying the student's graduate status.
