certify that they have reviewed the proposal for the dissertation and have examined this student over his/her ability to carry out the necessary research and writing. The signatures below indicate Committee approval, disapproval, or conditions as noted relative to the research as proposed leading to an acceptable dissertation and the perceived ability of the candidate to carry out this research. Signatures do not pertain to substantive changes in the research design, which may arise in the course of the research, nor do they preempt the privilege of normal interrogation during the candidate's oral final defense of the completed study.
