Admission Requirements:

Students seeking this graduate certificate program must be admitted to the Graduate School in either degree bound status, or non-degree Category A status. International students will not be issued an I-20 for pursuing a certificate program only. They may obtain a certificate only while concurrently pursuing a graduate degree. Students who have a previous graduate admission status should contact the Graduate School to determine if they need to apply for admission to an appropriate status, or simply need to reactivate their enrollment file, and declare their intent to pursue a graduate certificate.

Degree Admission – The student must have earned a bachelor’s degree from a regionally accredited institution or a recognized institution in another country whose requirements for the bachelor’s degree are substantially equivalent to an American four-year bachelor’s degree. The student must also have a grade point average of at least 2.750 based upon the last 60 hours of course work (or nearest semester or term break to this), including any post-bachelor’s graduate work, and no more than 9 hours of background deficiencies in the desired field. Some programs may require a higher minimum grade point average, as well as additional supporting materials. Visit [www.wichita.edu/gradprograms](http://www.wichita.edu/gradprograms) for details on any departmental requirements.

Non-Degree, Category A – Students who already possess a graduate degree and who do not wish to pursue a second degree, or who wish to only pursue a graduate certificate should apply for non-degree, Category A admission. Admission to this category requires the applicant to either hold a graduate degree from a regionally accredited institution or recognized institution in another country, OR if the applicant does not hold a graduate degree, he or she must meet the same requirements as if they were applying for a degree program.

**NOTE:** When applying for admission please indicate in the Additional Information field that you are interested in pursuing this specific certificate, and whether you prefer online or on-ground, so your file can be coded appropriately.

Certificate programs are not eligible for Title IV (federal financial aid) funding unless the certificate is a requirement of a degree program.

The exceptions are approved programs of at least one academic year in duration that leads to a certificate and prepares students for gainful employment in a recognized occupation. Approved programs will be designated with disclosure information on the program web page in the applicable academic college.
