

Graduate Certificate (Post Master's) Nursing and Health Care Systems Administration

Registered Nurses with master's degrees (MN or MSN) with a clinical nurse specialist emphasis or major from a nationally accredited master's program may be admitted to the graduate certificate option in Family Nurse Practitioner. The following courses will be required:

Course	(15 hours total)	Cr Hrs
N 812: Nursing Administration Practicum		6
N 827: Resource Management in Nursing Practicum		3
N 776: Health Care Information Systems or		
N 812: Nursing Administration Practicum or		
N 814: Nursing Education Practicum		3
N 863: Capstone Seminar		3

In addition, applicants will need to provide evidence of knowledge of the important issues (i.e. legal, ethical, political) related to advanced nursing practice. A course or documentation of integrated content from prior degree will be accepted. If such documentation cannot be provided, the candidate will be required to take N715: Advanced Nursing Practice: Roles and Issues.

All students will be expected to review material related to nursing administration theories prior to the national certification examination.

Prerequisites include the following courses. The Wichita State University course number is shown in parentheses.

- Health Care Information Systems (N775)
- Foundations of Nursing Administration (N811)
- Clinical Management (N851)
- Financing Health Care Services (PHS834)
- Concepts of Quality (PHS638)

Applicants who have completed graduate level courses similar to those listed above may petition for recognition of those courses.

Records of individuals with varied backgrounds and educational experiences or degrees will be reviewed on an individual basis by the graduate faculty. Effort will be made to recognize previous experience and academic credit within guidelines and requirements for the Kansas State Board of Nursing.

Students are encouraged to take the appropriate national certification examinations upon completion of these courses.

Admission Requirements:

Students seeking a graduate certificate must be admitted to the Graduate School in a degree program or in non-degree, Category A status.

Degree Admission- The student must have earned a bachelor's degree from a regionally accredited institution or a recognized institution in another country whose requirements for the bachelor's degree are substantially equivalent to an American four-year bachelor's degree. The student must also have a grade point average of at least 2.750 based upon the last 60 hours of course work (or nearest semester or term break to this), including any post-bachelor's graduate work, and no more than 9 hours of background deficiencies in the desired field. Some programs may require a higher minimum grade point average.

Non-Degree, Category A- Students who already possess a graduate degree and who do not wish to pursue a second degree, should apply for non-degree, category A admission. The student must have earned a bachelor's degree from a regionally accredited institution or a recognized institution in another country whose requirements for the bachelor's degree are substantially equivalent to an American four-year bachelor's degree. The student must also have a grade point average of at least 2.750 based upon the last 60 hours of course work (or nearest semester or term break to this), including any post-bachelor's graduate work. Some programs may require higher minimum grade point average.
