Peace of Mind and Real Cash Benefits

CRITICAL CARE AND RECOVERY
SPECIFIED HEALTH EVENT INSURANCE

Aflac
We’ve got you under our wing.
The Need

Like many people, you probably have insurance to cover burglaries, fires, auto accidents, and standard hospital bills. But what would happen to your family’s finances if you experienced a catastrophic event, such as a Heart Attack or Stroke—an event that knocked you off your feet or even changed your life forever?

You may think you’re already protected by major medical insurance. Think again. Major medical coverage pays doctor and hospital bills, not out-of-pocket expenses. Nor does it pay cash benefits that can be used to help with expenses, such as car payments, the mortgage or rent, and utility bills—bills that would be difficult, if not impossible, to pay if your income suddenly stopped due to illness or injury. Aflac’s specified health event insurance policy complements your major medical coverage and helps provide the peace of mind that comes from knowing you and your family are protected.

The Specified Health Event Policy:

- Pays a First-Occurrence Benefit, as well as Hospital Confinement and Continuing Care Benefits.
- Has no lifetime maximum.¹
- Is completely portable.
- Is Guaranteed-Renewable for your lifetime with some benefits reduced at age 70.

Consider These Facts:

- About every 34 seconds, someone suffers a Heart Attack.²
- About every 40 seconds, someone suffers a Stroke.²

An illness or injury can happen to anyone, anytime—and when it does, everyday expenses may suddenly seem insurmountable. Fortunately, Aflac’s specified health event insurance policy can help with those everyday expenses, so all you have to focus on is getting well.

¹Excluding the First-Occurrence Benefit.

### HOSPITAL CONFINEMENT BENEFIT

- **HOSPITAL CONFINEMENT**
  - $300 per day
  - No lifetime maximum
  - When a Covered Person requires hospital confinement for the treatment of a covered Primary Specified Health Event, Aflac will pay this benefit per day for each day a Covered Person is charged as an inpatient. This benefit is limited to confinements for the treatment of a covered Primary Specified Health Event when confinements occur within 500 days following the occurrence of the most recent covered Primary Specified Health Event. Hospital Confinement Benefits are payable for only one covered Primary Specified Health Event at a time per Covered Person. Treatment or confinement in a U.S. government hospital does not require a charge for benefits to be payable. Benefits are not payable on the same day as the Continuing Care Benefit. If the Hospital Confinement Benefit and the Continuing Care Benefit are payable on the same day, only the highest eligible benefit will be paid.

<td>A $2 indemnity benefit will accumulate for the named insured and the covered Spouse for each calendar month the policy remains in force after the Effective Date. This accumulated indemnity, if any, will be paid in addition to any benefits paid under the Hospital Intensive Care Unit Benefit or Step-Down Intensive Care Unit Benefit. This progressive benefit will cease to build on the policy anniversary date following the 65th birthday of a Covered Person. Any amount accrued at the time this benefit ceases to build for a Covered Person will continue to be added to the benefit amount for all hospital intensive care unit/step-down intensive care unit confinements commencing prior to the policy anniversary date following the 70th birthday of a Covered Person. This accumulated benefit reduces at age 70. This benefit is not applicable and will not accrue to any Covered Person who has attained age 65 prior to the Effective Date of the policy. The named insured and covered Spouse, if any, are the only persons eligible for this benefit. Dependent Children do not qualify for this benefit. When a Spouse is added to an existing policy, this benefit will begin to accrue from the endorsement date adding such Spouse, provided the Spouse has not yet attained age 65.</td>

*Benefits are not payable for confinement in a hospital intensive care unit under the Hospital Intensive Care Unit Benefit and the Progressive Benefit for Hospital Intensive Care Unit/Step-Down Intensive Care Unit Confinement for confinements in units such as telemetry or surgical recovery rooms, postanesthesia care units, step-down intensive care units, progressive care units, intermediate care units, private monitored rooms, observation units located in emergency rooms or outpatient surgery units, or other facilities that do not meet the standards for a hospital intensive care unit.

**Benefits are not payable for confinement in a step-down intensive care unit under the Hospital Intensive Care Unit and the Progressive Benefit for Hospital Intensive Care Unit/Step-Down Intensive Care Unit Confinement for confinements in units such as telemetry or surgical recovery rooms; postanesthesia care units; beds, wards, or private or semiprivate rooms with or without telemetry monitoring equipment; observation units located in emergency rooms or outpatient surgery units; emergency rooms; labor or delivery rooms; or other facilities that do not meet the standards for step-down intensive care units.
The benefits below will be paid for care received within 180 days following the occurrence of a covered Primary Specified Health Event. Benefits are payable for only one covered Primary Specified Health Event at a time per Covered Person. If a Covered Person is eligible to receive benefits for more than one covered Primary Specified Health Event, Aflac will pay benefits only for care received within the 180 days following the occurrence of the most recent event.

OTHER BENEFITS

WAIVER OF PREMIUM BENEFIT

EMPLOYED: If you, due to a Primary Specified Health Event, are completely unable to do all of the usual and customary duties of your occupation for a period of 90 continuous days, Aflac will waive, from month to month, any premiums falling due during your continued inability. For premiums to be waived, Aflac will require an employer’s statement and a physician’s statement of your inability to perform said duties, and may each month thereafter require a physician’s statement that total inability continues.

NOT EMPLOYED: If you, due to a Primary Specified Health Event, are completely unable to perform three or more of the Activities of Daily Living (ADLs) without the assistance of another person for a period of 90 continuous days, Aflac will waive, from month to month, any premiums falling due during your continued inability. For premiums to be waived, Aflac will require a physician’s statement of your inability to perform said activities and may each month thereafter require a physician’s statement that total inability continues. While this benefit is being paid, Aflac may ask for and use an independent consultant to determine whether you can perform an ADL.

CONTINUATION OF COVERAGE BENEFIT

Aflac will waive all monthly premiums due for the policy and riders for two months if you meet all of the following conditions:

1. Your policy has been in force for at least six months;
2. We have received premiums for at least six consecutive months;
3. Your premiums have been paid through payroll deduction;
4. You or your employer has notified us in writing within 30 days of the date your premium payments ceased due to your leaving employment; and
5. You re-establish premium payments through your new employer’s payroll deduction process or direct payment to Aflac.

You will again be eligible to receive this benefit after you re-establish your premium payments through payroll deduction for a period of at least six months and we receive premiums for at least six consecutive months. Payroll deduction means your premium is remitted to Aflac for you by your employer through a payroll deduction process.

WHAT IS NOT COVERED

LIMITATIONS AND EXCLUSIONS

Benefits payable under the Hospital Intensive Care Unit Benefit, the Progressive Benefit for Hospital Intensive Care Unit/Step-Down Intensive Care Unit Confinement, and the Major Human Organ Transplant Benefit will be reduced by one-half for losses that begin on or after the policy anniversary date following the 70th birthday of a Covered Person.

Please see the Hospital Intensive Care Unit Benefit and the Progressive Benefit for Hospital Intensive Care Unit/Step-Down Intensive Care Unit Confinement for other applicable limitations and exclusions.

Benefits are not payable for losses or confinements that begin or occur before the policy Effective Date or after termination of the policy.

Benefits for a Primary or Secondary Specified Health Event that is caused by a Pre-Existing Condition will not be covered unless the Primary or Secondary Specified Health Event occurs more than 30 days after the Effective Date. Benefits are payable for only one covered Primary or Secondary Specified Health Event at a time per Covered Person.

The policy does not cover losses or confinements caused by or resulting from a Covered Person’s:

- Participating in any sport or sporting activity for wage, compensation, or profit (this exclusion does not apply to the Hospital Intensive Care Unit Benefit, the Progressive Benefit for Hospital Intensive Care Unit/Step-Down Intensive Care Unit Confinement, or the Major Human Organ Transplant Benefit);
- Intentionally self-inflicting bodily injury or attempting suicide;
- Being exposed to war or any act of war, declared or undeclared, or actively serving in any of the armed forces or units auxiliary thereto, including the National Guard or Reserve;
- Participating in or attempting to participate in any illegal activity that is classified as a felony, whether charged or not (the term felony is as defined by the law of the jurisdiction in which the activity takes place);
- Having treatment for a mental or nervous disorder or disease;
- Sustaining or contracting any loss due, directly or indirectly, to being intoxicated or under the influence of alcohol, drugs, or any narcotic, unless administered on the advice of a physician and taken according to the physician’s instructions (the term intoxicated refers to that condition as defined by the law of the jurisdiction in which the injury or cause of the loss occurred).

A hospital does not include any institution or part thereof used as an emergency room; a rehabilitation unit; a hospice unit, including any bed designated as a hospice bed or a swing bed; a transitional care unit; a convalescent home; a rest or nursing facility; a psychiatric unit; an extended-care facility; a skilled nursing facility; or a facility primarily affording custodial or educational care, care or treatment for persons suffering from mental disease or disorders, care for the aged, or care for persons addicted to drugs or alcohol.

A physician does not include a member of your immediate family.

A hospital does not include any institution or part thereof used as an emergency room; a rehabilitation unit; a hospice unit, including any bed designated as a hospice bed or a swing bed; a transitional care unit; a convalescent home; a rest or nursing facility; a psychiatric unit; an extended-care facility; a skilled nursing facility; or a facility primarily affording custodial or educational care, care or treatment for persons suffering from mental disease or disorders, care for the aged, or care for persons addicted to drugs or alcohol.

A physician does not include a member of your immediate family.
**PRE-EXISTING CONDITIONS:** A Pre-Existing Condition is an illness, disease, disorder, or injury for which, within the six-month period before the Effective Date of coverage, medical advice, consultation, or treatment was recommended or received from a physician. Benefits for a Primary or Secondary Specified Health Event that is caused by a Pre-Existing Condition will not be covered unless the Primary or Secondary Specified Health Event occurs more than 30 days after the Effective Date. Any reoccurrence of a Primary or Secondary Specified Health Event occurring more than 30 days after the Effective Date will be covered.

The Pre-Existing Condition Limitation does not apply to any Hospital Intensive Care Benefits under the policy.

**TERMS YOU NEED TO KNOW**

**Coma:** a continuous state of profound unconsciousness, diagnosed or treated after the Effective Date of the policy, lasting for a period of seven or more consecutive days, characterized by the absence of (1) spontaneous eye movements, (2) response to painful stimuli, and (3) vocalization. The condition must require intubation for respiratory assistance.

**Coronary Angioplasty:** a medical procedure in which a balloon is used to open narrowed or blocked blood vessels of the heart (coronary arteries). A Coronary Angioplasty may be performed to treat persistent chest pain (angina) blockage of one or more coronary arteries, or residual obstruction in a coronary artery during or after a Heart Attack. These procedures may be performed with or without stents.

**Coronary Artery Bypass Surgery:** open-heart surgery, performed after the Effective Date of the policy, to correct narrowing or blockage of one or more coronary arteries with bypass grafts, but excluding procedures such as but not limited to Coronary Angioplasty, laser relief, or other nonsurgical procedures. This does not include valve replacement surgery.

**Covered Person:** any person insured under the coverage type that you applied for on the application: individual (named insured listed in the Policy Schedule), named insured/Spouse only (named insured and Spouse), one-parent family (named insured and Dependent Children), or two-parent family (named insured, Spouse, and Dependent Children). Spouse is defined as the person to whom you are legally married and who is listed on your application. Newborn children are automatically insured from the moment of birth. If coverage is for individual or named insured/Spouse only and you desire uninterrupted coverage for a newborn child, you must notify Aflac within 31 days of the birth of your child, and Aflac will convert the policy to one-parent family or two-parent family coverage and advise you of the additional premium due. Coverage will include any other Dependent Child, regardless of age, who is incapable of self-sustaining employment by reason of mental retardation or physical handicap, and who became so incapacitated prior to age 26 and while covered under the policy. Dependent Children are your natural children, stepchildren, or legally adopted children who are under age 26. A Dependent Child (including persons incapable of self-sustaining employment by reason of mental retardation or physical handicap) must be under age 26 at the time of application to be eligible for coverage.

**Effective Date:** the date(s) coverage begins as shown in the Policy Schedule. The Effective Date is not the date you signed the application for coverage.

**End-Stage Renal Failure:** permanent and irreversible kidney failure, not of an acute nature, requiring dialysis or a kidney transplant to maintain life.

**Guaranteed-Renewable:** the right to renew the policy by payment of the premium due on or before the renewal date. The policy is Guaranteed-Renewable for your lifetime with some benefits reduced at age 70, subject to Aflac’s right to change premiums by class upon any renewal date.

**Heart Attack:** a myocardial infarction, coronary thrombosis, or coronary occlusion that is diagnosed or treated after the Effective Date of the policy. The attack must be positively diagnosed by a physician and must be evidenced by electrocardiographic findings or clinical findings together with blood enzyme findings. The definition of Heart Attack shall not be construed to mean congestive heart failure, atherosclerotic heart disease, angina, coronary artery disease, or any other dysfunction of the cardiovascular system.

**Major Human Organ Transplant:** a surgery in which a Covered Person receives, as a result of a surgical transplant, one or more of the following human organs: kidney, liver, heart, lung, or pancreas. It does not include transplants involving mechanical or nonhuman organs.

**Major Third-Degree Burns:** an area of tissue damage in which there is destruction of the entire epidermis and underlying dermis, and that covers more than 10 percent of total body surface. The damage must be caused by heat, electricity, radiation, or chemicals.

**Paralysis:** spinal cord injuries occurring after the Effective Date of coverage resulting in complete and total loss of use of two or more limbs (paraplegia, quadriplegia, or hemiplegia) for a continuous period of at least 30 days. The Paralysis must be confirmed by your attending physician.
Persistent Vegetative State: a state of severe mental impairment in which only involuntary bodily functions are present and for which there exists no reasonable expectation of regaining significant cognitive function. The procedure for establishing a Persistent Vegetative State is as follows: two physicians, one of whom must be the attending physician, who, after personally examining the Covered Person, shall certify in writing, based upon conditions found during the course of their examination, that:

1. The Covered Person’s cognitive function has been substantially impaired, and
2. There exists no reasonable expectation that the Covered Person will regain significant cognitive function.

Primary Specified Health Event: Heart Attack, Stroke, Coronary Artery Bypass Surgery, End-Stage Renal Failure, Major Human Organ Transplant, Major Third-Degree Burns, Persistent Vegetative State, Coma, Paralysis, or Sudden Cardiac Arrest occurring after the Effective Date of coverage.

Secondary Specified Health Event: Coronary Angioplasty, with or without stents, occurring after the Effective Date of coverage.

Stroke: apoplexy due to rupture or acute occlusion of a cerebral artery that is diagnosed or treated after the Effective Date of the policy. The apoplexy must cause complete or partial loss of function involving the motion or sensation of a part of the body and must last more than 24 hours. The Stroke must be positively diagnosed by a physician based upon documented neurological deficits and confirmed by neuroimaging studies. Stroke does not mean head injury, transient ischemic attack (TIA), or cerebrovascular insufficiency.

Sudden Cardiac Arrest: sudden, unexpected loss of heart function in which the heart abruptly and without warning stops working as a result of an internal electrical system malfunction of the heart. Any death where the sole cause of death shown on the death certificate is cardiovascular collapse, Sudden Cardiac Arrest, cardiac arrest, or sudden cardiac death shall be deemed to be Sudden Cardiac Arrest for purposes of the policy. Sudden Cardiac Arrest is not a Heart Attack.
