Concurrent Enrollment Partnership

Cheryl K. Miller
Assistant Dean, Fairmount College of Liberal Arts and Sciences
978-6659
2009-2010
Program requirements

- Be a high school sophomore, junior or senior;
- Have a minimum WSU cumulative grade point average of 2.00 AND
- Have a minimum high school cumulative grade point average of 3.00;
- Complete any course pre-requisites;
- Complete the first semester of any year-long class with a grade of A or B in the fall semester.
Will this class transfer?

• Each college and university has their own rules governing the acceptance of transfer credit.

• It is always in your best interest to call the school you plan to attend as an on-campus student and ask if they will accept the credit in transfer. Wichita State can not make that determination for you.
2009-2010 semester expenses

• $30 one-time, non-refundable admission application fee (for new admits only);
• $17 registration fee paid each semester of enrollment;
• $149.90 tuition per credit hour;
• $27.60 student fee per credit hour;
• $3.60 per credit hour facilities use fee;
• Some courses may carry additional fees.
• For a three-credit hour course, the minimum bill will be $543.80
• For a five-credit hour course, the minimum bill will be $895.00
Fee payment and holds

• Enrollment and fee payment for WSU concurrent enrollment partnership courses must be arranged at the time of WSU’s visit to your school.

• You will **NOT** be dropped for non-payment.

• If you don’t pay, a hold will be placed on your file and will prohibit you from:
  – adding/dropping classes
  – enrolling in future semesters
  – getting copies of transcripts
  – receiving financial aid.

• Unpaid bills may be reported to a collection agency.
Payment plan

• You may use the payment plan option for tuition and fees payment. With this plan, you will be billed for three consecutive payments due the 15th of March, April and May, or the 15th of October, November and December, depending on the semester of enrollment.

• A $30 non-refundable processing fee will be included in your tuition and fees bill.
Math courses

- **College Algebra**, Math 111, is the basic math course required of most majors at most institutions.
- **Pre-calculus**, Math 112, is generally desirable for students who plan to study pre-medicine or pre-veterinary medicine.
- The basic math course for students majoring in engineering is **Calculus**, Math 242, which is not offered for concurrent enrollment by Wichita State.
- Students will **NOT** receive credit in BOTH Math 111 and Math 112, regardless of when the courses are taken.
Your rights and responsibilities

• Admission as a high school guest does not constitute degree-bound admission to WSU.

• You will not be able to enroll in future guest semesters at WSU unless you maintain both 2.0 cumulative WSU and 3.0 cumulative high school grade point averages.

• Any grades you earn while being a concurrent enrollment student through WSU will be considered part of your official, permanent college record. This record could be considered relevant as part of your degree-bound admission to WSU or any other institution.

• Grades earned may also be considered in scholarship award decisions.
Your rights and responsibilities

- You will not be able to enroll unless you are in good financial standing with WSU.
- Your final WSU concurrent enrollment partnership grade may be different from your final high school grade. Your high school teacher will enter your WSU grade online.
- You must contact immediately your high school counselor or the coordinator of the concurrent enrollment program at WSU if you wish to drop a class after you have been enrolled. Failure to do so may result in significant financial obligations to the university. Do NOT attempt to drop a class on your own.
Your rights and responsibilities

• Only you will have access to your academic records. WSU *will not* share your grades and other records with individuals without your prior written consent (Section 438 of the Family Educational Rights and Privacy Act of 1974).

• As an actively enrolled WSU student, you will have access to numerous on-campus resources, including:
  – Ablah Library
  – LAS Advising Center
  – Counseling and Testing Center
  – Student Health Services
  – Academic support labs such as those for math and English classes.
• When you are admitted to WSU, you will receive a letter from the admissions office. It will include your myWSU ID information.

• When you set up the password for your myWSU account, do not share it with anyone. Passwords for myWSU expire every 90 days. Go to [www.wichita.edu/thisis](http://www.wichita.edu/thisis) to set up your account.

• Once your bill is posted—not before—you may have your Shocker Card (student ID) made on the main campus or at the west location.

• You may use your Shocker Card to access university services including tickets to the men’s home baseball and basketball games.
Bill payment

Wichita State posts all tuition and fees bills online. Pay your bill immediately. To pay online, follow the procedure below.

• First, sign in to http://mywsu.wichita.edu;
• Click on the My Account tab;
• Click on the Student Account Suite hyperlink;
• Click on the eBills tab;
• Click on the Make a Payment hyperlink and choose your method of payment.

Student Forms

Non-Institutional Charges Form (download and complete this form to allow Student Aid Funds to pay for "non-institutional charges" and to pay for prior term charges).
What a bill looks like: yours will vary
The order of your paperwork

• One check for $30, payable to WSU Admissions, for new admits only;
• Transcript release form;
• Concurrent enrollment partnership application form (keep the pink copy for yourself);
• Tuition and fees installment payment form (only if you are using the installment plan).
Quick quiz

• How will you know if this course transfers?
• Who do you contact to drop a class?
• Where will you find your bill?
• When will you pay your bill?
• What happens if you don’t pay your bill?
• When can you get your Shocker Card?
• Where can you have your Shocker Card made?
