“Mathematics Teacher Preparation: Making Connections”

Abstract:
A general overview of mathematical knowledge for teaching at the secondary level will be covered as well as the importance of content and pedagogy in mathematics teacher preparation. The components of a capstone course for future high school mathematics teachers will also be discussed including how the course will connect higher-level mathematics content coursework with more practical, standards-based high school curricula.

Friday, May 6, 2016
3:00 PM in 372 Jabara Hall

Please come join us for refreshments before the lecture at 2:30 p.m. in room 353 Jabara Hall.
