How to Find Your Supplies

Supply Categories:
Supply choices have been divided into several categories. Clicking on a category will bring up any sub categories in that group and/or a list and a picture of each item in that category. Click on the picture or description for an item and you will get a larger picture and a more detailed description of the item.

Search Box:
Type a description into the search box and press enter or click on the arrow at the end of the search box. It is best to use a specific description in order to narrow your search. You wouldn’t want to type in the word paper - the search would bring up 8 pages of paper. To find a print cartridge for a specific printer, type the printer number, such as a HP 3015, in the search box. Results will display the related cartridge.

Add Supplies to Your Shopping Cart

Once you have found the items you wish to purchase, enter the quantity you want and click on the “Add to Cart” button. A screen will pop up that says “Added to Cart” and will show all the items currently in your shopping cart. From this screen you will have the choice of checking out or continuing to shop. To change the quantity of an item or delete an item from your cart, click on the “View Cart/Checkout” link at the top of the page and you will be able to make changes and deletions from within your cart. When changing the quantity, you must click on the “Recalculate” button to achieve the change. You may continue adding items to your cart by using the search box or the “Categories” link. When you have finished putting items in your cart, you are ready for checkout. Please note: Items on this site are stocked at the Central Services store. Please see the Special Order instructions for items not stocked in the store.

Special orders for supplies and printer cartridges not carried in our stock may be made using the shopping cart.
