It is the policy of Wichita State University (WSU) to accept all credits — with the exception of remedial coursework — earned at a post-secondary institution accredited by one of the U.S. regional accrediting agencies. Each academic college or department within WSU determines how those credits apply toward a particular degree program. Sometimes there can be a significant difference between what transfers and what counts toward a degree, especially if the courses are vocational in nature.

or #### denotes HONORS section of same course.
