2016-2017 Transfer Guide

Secondary English
It is the policy of Wichita State University (WSU) to accept all credits – with the exception of remedial coursework – earned at a post-secondary institution accredited by one of the U.S. regional accrediting agencies. Each academic college or department within WSU determines how those credits apply toward a particular degree program. Sometimes there can be a significant difference between what transfers and what counts toward a degree, especially if the courses are vocational in nature.

We are a public institution of higher education and do not make decisions regarding transferability of courses earned at another institution. However, the course or program to which you are transferring may accept the course and apply it toward graduation. The transfer institution is the final judge of whether or not the course will or will not transfer. If you have questions as to the acceptability of a specific course or program, contact your academic advisor at your transferring institution. Transfer Students Should Remember

All applicants must submit an application for admission into the Teacher Education Program. Students must have certain requirements met for acceptance into Teacher Education (i.e. GPA, standardized test scores, coursework, background check, Health Certification Form, etc.). Students transferring from a two-year college must complete at least 60 hours of four-year college work including 45 hours of upper-division work in order to qualify for graduation.
