Thanks for a Great Year …

We Are Planning for Next Year!

ARE YOU READY FOR THIS?
You are invited to participate in a workshop entirely devoted to the Kansas College and Career Ready Standards (“KCCRS”) – also known as Common Core State Standards for Math.

You will be immersed in learning that will deepen your understanding of the critical math content changes and instructional expectations of KCCRS for Math.

Save the Date:
Monday, June 3 through Friday, June 7 (8:30-11:30)
Workshop hosted at WSU, Corbin Education Center
http://www.wichita.edu/wsu/bldingsרצ/1st_grundmap.asp?bc=CE

Workshop Fee:
Tuition support and College credit available

Choose from ONE Grade-band focus below:
PreK-2: counting and cardinality, “subitizing”, place value, addition and subtraction computation
3–5: whole number computation with understanding; fraction number sense and computation
6–ALG: ratios and proportional relationships; linear and non-linear functions

Workshop Overview:
• Sessions will include an overview of content standards and the Standards for Mathematical Practices.
• Sessions will focus on number sense, number relationships, operations and algebraic thinking, and will be supported by visual models and sense-making structures useful for core and intervention instruction.

Sessions will include an overview of content standards and the Standards for Mathematical Practices.

Sessions will focus on number sense, number relationships, operations and algebraic thinking, and will be supported by visual models and sense-making structures useful for core and intervention instruction.

Coleman named KAMSA Exemplary Middle School

Coleman Middle School has been named an Exemplary Middle School by the Kansas Association of Middle School Administrators.

The award is based on Coleman’s efforts to continually improve student achievement and the implementation of AVID strategies throughout the school.

Northeast Ranked in Best High Schools in Nation!

US News just announced Northeast Magnet to be in the top five best high schools in Kansas and in the top 8% of all high schools in the nation! Click here to see the full article.
