Steps to a Successful Shocker Transition

Once you have been fully admitted, follow these steps to begin your Shocker transition experience. The earlier you complete these steps, the better chance you have to ensure a successful start!

1. Set up your myWSU password and OneStop question
   In order to sign up for Orientation, enroll in classes and access your WSU email account, you will need to complete this two-step process to set up your password and OneStop question. First, go to mywsu.wichita.edu and click on “Manage your password” in the upper-right corner. After setting up your password, log in to your myWSU account and click on “Manage your password” in the upper-left corner of your home tab to set up your security and OneStop questions.

2. Submit your housing forms
   Detailed information regarding housing requirements and options can be found online at wichita.edu/housing. In some cases, submitting housing information (including exemption forms) is required in order to proceed to Orientation and enrollment.

3. Sign up for Orientation or Transfer Transition
   Attending Orientation is required for all new students. Specific programs are designed for transfer students, returning adults and freshmen. Go to wichita.edu/orientation to reserve your spot.

4. Enroll with your academic advisor
   You will enroll in your first semester with the help of an academic advisor. You will need to call the advising center in the college that houses your intended major to schedule an appointment (consult wichita.edu/majors if you are unsure where your major belongs). Contact information for advising can be found on the other side of this card. The earlier you schedule your appointment, the better chance you have to get classes to meet your needs. When you schedule your appointment, identify yourself as a new student. You are advised to bring a student copy of your transcripts with you to your appointment if you are transferring hours to WSU.

5. Attend Orientation
   In order to complete your transition to WSU, you are required to attend the Orientation program you signed up for in Step 3.

6. Send in final transcripts
   Make sure all of your most recent transcripts from each institution you have attended have been sent to WSU and have been posted to your student records.

Questions?
If you have questions or need help during your transition to Wichita State, please contact the Office of Transitions and Orientation at 316-978-5420, or visit wichita.edu/orientation.
