Discuss Policy Drafts

3.48 Employee Discipline
- Shared with UP Senate and discussed on 8/9/2016. Feedback was provided by UP senate and here today to discuss feedback and questions.
- Many suggestions and clarifications were made based on feedback provided by UP senate to working document.
- Time frame was short because new weapons policy being drafted. There was shown a need to include policy for any instance that discipline may need to be put in place as a result of that weapons policy.
- The definition of employee for this policy is anyone who is on the payroll of the university. The exception is when a sub-chapter in another chapter may be more specific to a sub-group and will then “trump” this policy (the example given was policy 4.23 – Faculty Professional Fitness which is a policy discussing specifically tenured faculty and performance based dismissal).

3.50 Performance Evaluation
- Discussion of feedback given to HR after review by UP senate.
- Question regarding penalties if reviews are not completed. No penalty will be put into place, but if question comes up, everyone is encouraged to contact Matt Johnston.
- Trainee position is defined as positions in the law enforcement sector and are required to use that language in policies to comply to union standards.

Additional Item – Professional Development Policy
- Has been developed to move forward combining USS and UP. Sheryl Propst reviewed this policy based on discussions. The Senate will not be provided initial review before final draft is moved forward.
