 SEMESTER AND CLASSES TO BE CERTIFIED
☐ FALL 2016 ☐ SPRING 2017 ☐ SUMMER 2017

- VA education benefits are paid based on training time/rate of pursuit, and benefit payment may be adjusted for enrollment that does not equal a full-time course load spanning the entire semester.
- VA education benefits can only be certified for courses which are required for degree completion. Remedial coursework can be certified if a demonstrated need is shown through placement exam or test score, which must be noted on this form. Remedial courses taken in an online or hybrid format cannot be certified for VA education benefit usage. Audited courses cannot be certified.
- Courses which are repeated may be certified for repeat if the original grade was punitive (ie. a failing grade). Courses that have been successfully completed cannot be certified for VA purposes if they are repeated. Academic advisors must indicate on Enrollment Certification Request form if a course is being repeated, and give reason for repeat.
- Changes in your schedule involving dropping or adding classes, enrolling in classes outside your degree plan, repeating classes, or enrolling in classes that do not span the entire semester can affect your benefits. Failure to report changes may result in an overpayment of your benefits and subsequent repayment.
- The Enrollment Certification Request form MUST be resubmitted if any changes are made to your class schedule. Enrollment changes may result in a debt owed from the student to the VA.
- For students using Chapter 33 Post-9/11 benefits: WSU Veterans Services will certify the net in-state tuition and fee charges for your courses with the Department of Veterans Affairs (VA). Any tuition charges with WSU not covered by your education benefit tuition payment from the VA are your responsibility. Chapter 33 Post-9/11 benefit recipients do not qualify for advance payments. Tuition-based resources, such as Military Tuition Assistance, must be deducted from the tuition amount certified with the VA. If you will be using Tuition Assistance, tuition-only scholarships, or any other tuition-paying resource, you must notify Veterans Services prior to your GI Bill certification for the semester.
- For students using Chapters 1606 or 1607: Under regulations from the Department of Defense, students cannot use Federal Military Tuition Assistance (TA) in conjunction with Chapter 1606 MGIB-Select Reserve or Chapter 1607 Reserve Educational Assistance Program (REAP). If you submit a request for Education Benefit certification but are using Federal TA for the same term, Veterans Services cannot certify your Ed Benefits. If you are certified under Ed Benefits and Veterans Services is made aware of Federal TA usage after Ed Benefit certification has been processed, we must terminate your Ed Benefit certification, which will result in a debt owed by you to the VA for any Ed Benefit payment received for a term in which Federal TA is also used.
- WSU Veterans Services is required to report non-punitive grades, such as W (Withdrawn), to the VA, which may result in a repayment of funds from the student to the VA.
- WSU Veterans Services is required to report grades of I (Incomplete) to the VA. You will have one year to obtain a letter grade for that class or face possible repayment to the VA. If you have received an Incomplete in a course, contact WSU Veterans Services once a grade for the Incomplete is received to ensure proper notification to the VA.
- WSU Veterans Services is required to report academic probation, dismissal, and graduation to the VA.

My signature indicates I have provided accurate information and agree to comply with all VA and WSU guidelines.
