Finish Strong adult degree completion program

Started college, but life got in the way?

The NEW ***Finish Strong*** program at Wichita State allows working adults who already have 60 hours of college credit from an accredited U.S. institution to complete their degree in as little as two years through a combination of convenient classes and online offerings. The ***Finish Strong*** degree program classes are offered in an 8-week format evenings and weekends at Wichita State's west campus at 3801 N. Walker Ave. (just East of Maize Road and 37th St. North).

Finish Strong allows you to complete your degree in criminal justice, sport management, business administration or general studies while you work full-time during the day. The programs are scheduled so you can attend full-time. Part-time options are available, but completion will be at a slower pace. Cost: the same as any other WSU courses, which means one of the lowest cost degree completion programs in the area. Financial aid is available for eligible students.
