In its 154 years as a state, Kansas has been a stronghold for religious faith, civil rights, commerce, and agriculture and – in those years -- sometimes has even caught the nation’s eye.

In this course students explore Kansas’ State of Mind. The goal is to examine how Kansas has and continues to shape the nation.

**Objectives:**

Students will:

1. Identify the four areas of how Kansas shapes and impacts the nation.
2. Evaluate how Kansas continues to change the nation.

**Assignment and definition of a credit hour:**

Success in this 0.5 credit hour course is based on the expectation that students will spend, for each unit of credit, a minimum of 7.5 hours over the length of the course in direct instruction as provided by the instructor and an additional 15 hours outside of class reading, reflecting, and evaluating the topics for a total of 22.5 hours.

**Evaluation:**

100% -- discussion, reflection and attendance

**Grading Scale:**
