

## Public Tornado Shelter accessible to WSU South Campus

1335 N. Buckner, Derby, KS 67037

**Directions:** Go East through the parking lot (towards Dillons) to Buckner and make a left. Pleasantview Baptist Church will be on your Left hand side (West) of the road. Turn into the first driveway for the church. Parking for the Tornado Shelter is near the back of the building where the carport is located. There will be a shelter worker located at the door to help direct people. It is approximately .2 miles from the WSU South Campus.

**Shelter will open when a Tornado Warning is issued for the following counties:**

Sedgwick, Reno, Kingman, Harper, Sumner, Harvey, Butler or Cowley; and the direction of the storm is expected to approach the Derby area.

**Rules of the Shelter: (All shelter rules are mandated by Pleasantview Baptist)**

Once a person enters the building, they are expected to go and remain in the basement until the shelter closes, or they are ready to leave. If they will not stay in the basement during operation, they will be asked to leave the premises. If you do not follow the instructions of the shelter workers, you will be asked to leave the premises. In the event a person will not leave when asked or is causing an unruly situation, a worker will call 911 and report the situation. The local authorities are aware that Pleasantview Baptist Church is a designated public tornado shelter and should respond quickly to a 911 call or if the church is affected by a tornado.

**The shelter will close when the threat of a tornado has ended. When it is announced that tornado warning is over, then everyone will be directed and expected to leave the shelter. Unless told otherwise, classes will resume at the South Campus.**
