Profiling 8:30 AM – 11:30 AM
This workshop will focus on those tasks generally completed in Year 1 of a five year school improvement cycle. Topics to be covered include conducting the environmental scan, developing the mission statement and profile document, and goal setting. **Participants are encouraged to bring their school’s documents to the workshop to gain the most benefit from this workshop.**

Developing the School Improvement Plan 1:00 PM – 4:00 PM
The primary focus of this workshop will be the development of the school improvement plan and the results-based staff development plan. Learn how to write a comprehensive school improvement plan and incorporate NCLB, QPA, and Title I criteria to make your plan a useable document. **Participants are encouraged to bring their school’s documents to the workshop to gain the most benefit from this workshop.**

Data Analysis & Monitoring the Process 8:30 AM – 11:30 AM
Frequent monitoring of student success and utilization of data are crucial to the success of the school improvement plan. Data-driven decision-making will be the primary focus of this workshop. **Participants are encouraged to bring their own data to gain the most benefit from this workshop.**

Preparing for the Final Documentation Visit 1:00 PM – 4:00 PM
This workshop will focus on preparing for the final documentation visit with the visiting team. Now is the time for reflection on the successes and strengths of the cycle. What can be done differently to move student achievement to the next level? **Participants are encouraged to bring their school’s documents to the workshop to gain the most benefit from this workshop.** *NOTE: All those having a visit during the 2006-07 school year school should plan on attending this workshop during the fall semester. Year 5 sessions during the spring semester will deal with the upcoming changes for the final documentation visit in 2007-08.*
Visiting Team Chair Training  (Full day of training)  8:30 AM – 3:30 PM
No charge to participants attending this workshop
In the era of No Child Left Behind and new state regulations, the visiting team chair has become an even more important member of the school improvement process. This training will focus on the skills and responsibilities necessary to fulfill this obligation. Learn how to provide quality feedback to schools using the new NCACASI reports. Anyone wanting to become a visiting team chair must attend this training. Those chairs previously trained who have not attended in several years need to attend one of these trainings.

Writing a Quality School Improvement Plan Help Session  8:30 AM Till Done
Bring your preliminary plans and let the leadership of KNCA assist you with refinement of goals, development of interventions/strategies, and selection of assessments. This is a good opportunity to ask questions about school improvement in Kansas and develop a timeline for completing your accreditation cycle. This workshop is most appropriate for schools that need to file a completed school improvement plan with the KNCA office by December, 2006. (Year 2 of current cycle)

Workshop For Superintendents/Principals New to NCA (1/2 Day)  8:30 AM - Noon
In an attempt to give our new (to NCA) professionals a jump start on the work to be completed during the five-year accreditation cycle, KNCA is sponsoring a workshop to meet with our staff and learn first-hand about our organization. The process of school improvement, duties of the internal steering committee, and integrating school improvement into the school day will be discussed. Please join us for an informal and beneficial session. Bring your questions!
