EVENT PARAMETERS:

At all tournaments, **each student may bring one published field guide**. The team may bring the two page Official National Bird List and one 8.5" x 11" two-sided page of notes that contain information in any form from any source (teams may tab **{limit 3 words}** the guide and write on any of these). No other resources, electronic devices or printed labels will be allowed.

Regional & State Events will feature but not be exclusively on State birds.

NA List = 914 Species
 Kansas List = 469 Species
 NSO Official List = 184 Species
 Calls = 48 Species

Event may be conducted at timed stations or a timed PowerPoint exam.

Sample Station

1. Name the order of this bird.
2. Is this a diving duck or dabbling duck?

3. T or F? _____ only found in Kansas during migration.

Station 2

4. What is this bird's common name?
5. What is its primary diet?
6. In what habitat would you expect to find this species?

Station 3

7. What letter goes with the bird making this call?
8. What is its common name?
