I. Purpose
The Code of Conduct outlines University behavior expectations for students, student groups, and student organizations in keeping with institutional values and to meet the University’s legal obligations.

II. Philosophy
Wichita State University is a living, learning, and working community dedicated to the personal and academic growth of its students and serves as an educational, cultural, and economic driver for Kansas and the greater public good. The University also endeavors to provide students with the necessary tools to engage in effective communication and to resolve conflicts in an appropriate manner.

Freedom of inquiry and freedom of expression are valued as critical components in the generation and transfer of knowledge and in meeting the University’s mission. The educational process is ideally conducted in an environment that encourages reasoned discourse, integrity, intellectual honesty, openness to constructive change, and respect for the rights and responsibilities of all individuals. This Code of Conduct is designed for the promotion and protection of such an environment.

By choosing to become a member of the University community, students are expected to demonstrate respect for themselves and others and to conduct themselves in a manner that is compatible with the Kansas Board of Regents’ and University’s rules and policies as well as federal, state, and local laws and city ordinances. When choosing to become a part of the University community, the student must consider whether they will be able to adhere to the Code. Being a member of the Wichita State University community is a privilege, and the student conduct process will determine if a student’s conduct warrants that they should no longer share in that privilege.

III. Jurisdiction
A. Application
This policy applies to behavior that is committed:
1. by a University student, student group, or student organization;
2. by an applicant who becomes a student, for alleged violation(s) committed as part of the application process; or

1. On University property; or
2. Off campus, if:
   a. in connection with a University or University-recognized program or activity;
   b. in connection with any academic assignment, internship, co-op, practicum, field experience or trip, clinical experience, student teaching, research, or other academic activity;
   c. in connection with any activity sponsored, conducted, or authorized by, or affiliated with, any student group or organization;
   d. involving a crime of violence (as defined by 18 U.S. Code § 16);

f. in a manner that may pose an ongoing, obvious, and/or serious threat of harm to, or that may have the effect of creating a hostile living, learning, or working environment for, any member(s) of the University community or their property.

The Student Code of Conduct may also be applied to behavior conducted online, via e-mail or through other electronic mediums. Wichita State University does not regularly search for this information, but may take action if such information is brought to the attention of University officials. Alleged violations of sexual misconduct, relationship violence, or stalking that occur in connection with an alleged violation of this policy will be resolved through the procedures prescribed in Section 8.16/Sexual Misconduct, Relationship Violence, and Stalking Policy for Students.
